

MDT500HE DOG TAG EMBOSSING MACHINE

The MDT500HE Dog Tag Embosser/Debossing Machine has been developed exclusively for the military and is ideal for instant, fully automatic issuance of dog tags and medical alert tags. The unit weighs only 50 pounds, making it a compact, rugged, all-inclusive unit.

The included software (for Windows® 2000/XP/Vista) allows easy interface with external databases or manual input for easy and efficient production of tags. The software also features system diagnostics, automatic reject tag remake, tag counters, tag format storage, and more.
