SECTION 4 - FIRST AID MEASURES

Inhalation: remove to fresh air, restore breathing. Treat symptoms. Consult a physician.
Eyes: flush immediately with water for 15 minutes. See a physician.
Skin: wash with soap and water. Remove contaminated clothing. Consult a physician if irritation persists.
Ingestion: drink water to dilute, do not induce vomiting. Consult a physician or poison control center immediately.

SECTION 5 - FIRE FIGHTING MEASURES

Extinguishing media: alcohol foam, co2, dry chemical, water fog
Special firefighting procedures: water may be used to cool closed containers to prevent Explosion when exposed to extreme heat. Full protective equipment may be needed to protect firefighters from hazardous combustion products.
Unusual fire and explosion hazards: closed containers may explode or collapse when exposed to extreme heat. During emergency conditions, overexposure to decomposition products may cause a health hazard.

SECTION 6 - ACCIDENTAL RELEASE MEASURES
Steps to take in case material is released or spilled: eliminate sources of vapor ignition. Ventilate area. Avoid breathing vapors. Remove by suitable inert absorbing material.

SECTION 7 - HANDLING AND STORAGE
Precautions to be taken in handling and storing: keep containers closed when not in use, and keep away from heat, sparks and open flame. Avoid excessive inhalation of vapor or mist.

Other precautions
In accordance with good industrial practice, handle with care and avoid unnecessary contact. Use only with adequate ventilation, wash thoroughly after handling. For industrial use only. HMIS personal protective equipment is dependent upon conditions of use.
